10	LOT 10A & 10B

Lots 1 - 22 successfully passed semen test. Lots 23 to 25 are late March calves, semen count in the mid 60%. All looks good, just proximal droplets - a sign of immaturity. If requested we will retest the 1st of May. Bulls are guaranteed. Bull evaluations done by Dr. Robert Walsh of Ferguson & Walsh Veterinary.

Go to www.dlms.ca for online bidding. For those who don't feel comfortable with online bidding there are several sale day contacts to take your bids.
